ADO, ALIYU ALI

COREN & NSE Certified Civil/Structural Engineer

Contact Address: No 4 Baure Crescent Kofar Kaura Layout Katsina, Katsina State Nigeria
Cell Phone Number: 08063498625
Email Address: haidarbindawa@gmail.com

Professional Summary

Construction Engineer with years of experience in civil/structural design, site supervision, planning, and quality assurance across industrial and energy infrastructure projects. Skilled in contractor interface, construction planning, system completion coordination, safety leadership, and VoWD. Proficient in Microsoft Excel, Primavera P6, AutoCAD, Revit, and project reporting tools. Certified by COREN, NSE, NEBOSH, CIPS, and Autodesk.

COMPETENCY SUMMARY	
ENGINEERING SOFTWARE APPLICATION	**SKILLS/COMPETENCE GARNERED**
MICROSOFT OFFICE	Ability to Use Microsoft Office (Word, Excel, PowerPoint) Tools To: - Create, Edit, Save and Print Documents - Format Text and Use Styles - Add Header and Footer - Add Graphic to Documents. - Compute, Calculate, Evaluate, Format and Analyse Data in Microsoft Excel. - Prepare Presentation in Microsoft PowerPoint.
AUTOCAD 2D AND 3D	- Standard Platform Modelling Such as Wellhead, Structural Framework, Etc. - Structures Application Like Creating Structures Such as Beams and Columns, Panels and Plates, Walls and Floors, Stairs and Ladders Etc - Modelling From Primitives. - Structural Drafting of Building Elements. - Scale And Arrange Documents Using Layouts in AutoCAD
REVIT STRUCTURES	- Building Integrated Model of Structures and 3D Parametric Modelling. - Extracting Views, Plans, Sections & Elevations, Callouts and Drafting Views. - Interdisciplinary Integration of Building Models - Editing Of System Families.

	- 2D Drafting and Annotation.
STRUCTURAL ANALYSIS AND DESIGNING PROGRAM (STAAD PRO)	- Modelling of Residential and Commercial Buildings - Modelling of Onshore Structures. - Define/Assign Load to Structural Models - Generating Load Combinations - Applying Structural Loads to The Structural Members. - Running Analysis and Generating Output Results for The Structural Members - Generate Moment and Shear Force Diagrams. - Concrete Interactive Design. - Steel Interactive Design - RAM Connections - Foundation Design (Isolated, Pile Cap, Raft). - Pile Design. - Generate Structural Detail Drawings
PROTA STRUCTURES	- Model Structure (Steel & Concrete) - Define/Assign Load And Create Load Combination - Running Analysis and Generating Output Results for The Structural Members. - Generate Structural Detailed Drawings
ETABS	- Model Structure (Steel & Concrete) - Define/Assign Load And Create Load Combination - Running Analysis and Generating Output Results for The Structural Members. - Generate Structural Detailed Drawings
CIVIL 3D	- Import Points from Survey Data - Create And Modify Surfaces - Create And Modify Road Alignments - Generate Elevation Profile - Design Road Assembly and Apply to Corridor on Road Surface - Create Sample Lines and Generate Sectional View - Generate Report and Extract Quantities
PRIMAVERA P6	- Generate Project WBS - Export WBS to Ms Excel - Publish Project WBS - Risk Planning in P6 - Developing Schedule Logic - Publishing Baseline Schedule - Identifying Project Critical Path

EDUCATION		
INSTITUTION	**ACADEMIC QUALIFICATION**	**DATE**
Ahmadu Bello University, Zaria	Master in Business Administration (M.B.A)	In View
Ahmadu Bello University, Zaria	Bachelor of Engineering in Civil Engineering (B.Eng.)	November 2016
Ulul-Albab Science Secondary School Katsina	WASSCE Certificate	July 2011
Police Children School Katsina	First School Leaving Certificate	2005

CERTIFICATIONS	
TITLE	**CERTIFIED BY**
International General Certificate in Occupational Health & Safety (IGC 1 & 2)	Certificate by National Examination Board On Occupational Safety & Health (NEBOSH)
International Minimum Industry Safety Training (IMIST)	Certificate by Offshore Petroleum Industry Training Organisation (OPITO)
Advanced Certificate in Procurement & Supply Operations	Certificate by Chartered Institute of Procurement and Supply
Autodesk Certified Professional (Revit Structures)	Autodesk
On-the-Job Training (Civil/Structural Design & Detailing)	Certificate by Hommaston Nig. Ltd.
Basic entrepreneurship – certificate of completion	Dexterous Applied Training Institute.

WORK EXPERIENCE:

1. EVOMEC GLOBAL SERVICES Ltd. (2021 –)
   (DESIGNATION - PROJECT ENGINEER)

PROJECT INVOLVEMENTS

- Supervised site execution for civil infrastructure in oil & gas projects, including drainage, foundations, pipe supports, and marine refurbishments.
- Provided interface coordination between operations, engineering, procurement, and systems completion.
- Led daily safety interventions, toolbox talks, and incident response reporting in collaboration with HSE teams.
- Prepare and review construction documents quality procedures for alignment with standards.
- Periodic review of project schedules to ensure project execution within the agreed

timeline
- Prepare and send out daily, weekly, and monthly reports.
- Attend and document weekly progress meetings with clients and all stakeholders.
- Measure work done, prepare valuation documents and follow up with the valuation process according to project agreed standard.
- Manage overall project activities and ensure execution within budget.
- Ensure construction technical queries are raised for any changes during construction works.
- Identify and prepare cost estimates for any changes/ extra work required to complete the work and communicate with the client for proper alignment.
- Participated in hold-point inspections and ensured quality records met mechanical/system completion requirements.
- Evaluate and establish contact with vendors to ensure seamless procurement process.
- Coordinate and manage different civil construction projects while collaborating with different departments and other stake holders to ensure smooth project execution.

2. ON THE JOB TRANING; CAPACITY BUILDING - NIGERIAN CONTENT DEVELOPMENT & MONITORING BOARD - (2019 – 2020)
(DESIGNATION - CIVIL/STRUCTURAL ENGINEER)

PROJECT PERFORMANCE INDICATIVE TASK/RESPONSIBILITIES

- Civil Engineering Philosophy/Basis of Design preparation
- Master document register (MDR) preparation.
- Design report and calculation notes (in-place analysis report wellhead platform) p reparation.
- Foundation Design and Report Writing.
- Material takeoff (MTO) preparation.
- Weight Control Report calculation.
- 3D/2D model for Facility Layout
- Detailed and layout Drawings
- Foundation Drawings

3. WESTGOLD ENGINEERING AND DEVELOPMENT CONSULTANT LTD (2018 – 2019)
(DESIGNATION - STRUCTURAL ENGINEER)

PROJECT INVOLVEMENT

- Analyze and design industrial concrete structures according to project standards.
- Analyze and design industrial steel structures according to project standards.
- Analysis and design of several residential-storey buildings.
- AutoCAD drafting of structural designs.

- Comprehend, organized, and documented the files of several structural engineering projects.

- Attend meeting that involve all technicalities and discussion of contract documents

- Oversee the construction of residential building projects

4. KIFOAT CONSULT NIG. LTD (2017 – 2018)
   (NYSC YOUTH CORP)

   - Involved in the construction of a 3-storey building for a hospital
     - Perform onsite test for concrete mix
     - Analyse the quality of concrete after laboratory test results are issued
     - Supervise onsite concrete production
     - Double check work on steel reinforcement (bending, lapping) according to specified code of practice.
     - Involved in decision making to resolve all technical issues.

5. WESTGOLD ENGINEERING & DEVELOPMENT CONSULTS LTD. (2016)
   (DESIGNATION – INTERN)

   - Carrying out all relevant test on construction materials.
   - Oversee all structural works onsite.
   - Providing solutions to problems arising on site.
   - Provide working drawings for missing information

6. IAA AND ASSOCIATES, ABUJA (2015)
   (DESIGNATION - TRAINEE I.T)

   - Member of the consulting team for the construction of 18 storey building (FIRS HQ, Abuja)
